N PRESENTING this catalog to the public we very much regret that on account of Mr. Carpenter's advanced age it becomes necessary for him to withdraw from the Shorthorn business and it seems the only fair way of making a division is to put the animals up for sale and every animal in "Maxwalton" herd that is fit for the sale ring will be sold.

It may be well to give a little history here of Maxwalton herd: Mr. Carpenter had acquired a few very choice cows from Governor Stuart and Senator Fairfax, of Virginia, in 1903. This little bunch constituted the foundation of the herd and included the "Minas" and Duchess of Glosters". Mr. Carpenter had met Mr. Ross on several occasions and the following year at the time of the dispersion of the E. S. Kelly herd where Mr. Ross had for some time been herdsman, Mr. Carpenter made a proposition of taking Mr. Ross on as a partner, and quite a number of the best of the Kelly herd were purchased at that sale, including Avalanche 2d—afterwards the dam of Avondale and Rosewood 86th—two of the best known cows to the breed. Mr. Ross at that time had a capital of \$3,000 which Mr. Carpenter matched and Mr. Ross took up Mr. Carpenter's 160-acre farm as a rent-on-the-share proposition. All the additional capital needed in the business was borrowed at the local banks. A few animals attended the local Fairs during the year 1904, and in 1905 when Avondale was a calf, a show herd of nine animals were put on the State Fair circuit and did very well at all of the shows including Springfield, Illinois. In 1906 and 1907 the Maxwalton cattle begun to be quite well known in the show ring but it was not until 1908 that they begun to get the lion's share of the money and in 1909 the firm had three different show herds on exhibition—practically all of them Maxwalton bred animals. One of these herds attended the Alaska Yukon-Pacific Exposition at Seattle, Wash., and got away with both of the grand championships and practically all of the leading honors. The herd was steadily increasing and the get of the great bull Avondale became better known each year in the show ring and was supplying herd bulls and show animals in most of the leading herds in the show business. During the years 1912 and 1913 as much as 50% of the winners of the 1st, 2nd, 3rd and 4th prizes at the International were Maxwalton bred animals. The herd steadily increased and continued to win the lion's share of the money wherever shown. The usual show circuit commenced at Winnipeg, Canada, and would make the following shows: Winnipeg, Brandon and Regina, Saskatoon, Edmonton, Calgary, Toronto, Detroit, Columbus, Indianapolis, Louisville, Nashville, Memphis, Springfield, Ill., Kansas City, Chicago, Denver

and Fort Worth, Texas, and several other shows. There has scarcely been a time in fifteen years showing that Maxwalton herd did not get the lion's share of the money at all of these shows. The herd not only paid its way on the road but usually sent home enough money for the operation of the farms for a good part of the year.

During the year 1916 the herd numbered some 200 head after making a sale of some 70 head of cattle at an average of \$1,100. At this time more land was added and the partnership took over the original farm from Mr. Carpenter, and for the following three years the herd paid 100% dividends on what was considered the total value of the entire proposition and during the year 1919 one sale brought \$378,500. Up until this time other land had been purchased making a total of 1640 acres, and in January 1920 a flat offer of \$1,600,000 was made by a Stock Selling Company with the idea of organizing a cattle company and the firm had at that time \$200,000 in cash and Liberty Bonds—making a total of \$1,800,000, but the offer for the business was flatly refused. It is needless to say that like most other business men we had a big loss in the year 1920, from bad collections and the reduction of values, but for the past two years the herd has again been making money and we believe there is no business connected with farming that can equal the Shorthorn business if you have the right foundation and conduct it purely as a business.

It has been our custom to sell only cattle that we would like to keep and to keep only cattle that would make money, but in this sale every animal is to be sold and we know there are a lot of cattle that their true values will not be appreciated. The experienced cattlemen will understand that it is impossible to house and accommodate 350 head of cattle to get ready for a sale during hot weather, consequently we have deemed it best to let the cattle run to pasture and to offer them to the buyers in the rough. The experienced cattlemen will also know this herd never looked worse than it does in the month of August; but what is the seller's loss will be the buyer's gain. Many of the cows are advanced in years but they are the kind that have been developed with a view to having them in the herd, and it must not be forgotten that there has been cows at Maxwalton which have lived and bred when they were over 20 years of age. We intend to have the cow Rosewood Pride on exhibition sale day, which is now in her twentieth year and well along with calf again, so that in buying these cows in thin condition and advanced age the purchaser is sure to get much more value than he pays for.

The herd bulls are all in splendid breeding condition. RODNEY has sired many of the best and is likely to live to sire many more as good as has yet been seen by him. MAXWALTON

MONARCH has no equal as a show bull; he is today weighing 2500 lbs. and is as leasome as a kitten. We doubt if there are very many men who could outrun either he or RODNEY. It is commonly understood that a bull that has gone thru the show circuit as has Maxwalton Monarch cannot be counted on as a herd sire. Maxwalton Monarch has been on the show circuit practically half of his time and has not sired as many calves as he would have otherwise, but he has sired many good ones—a few of them in this sale. One of his calves sold to Wm. Waldie, Stratford, Ont., last year at \$2,100. He won the Ohio State Fair and is a bull that we feel confident will not be beat in his class this year. There are also a couple junior bull calves in this sale by him—one of them from the grand champion, Lady Dorothy, the other from a Lavender (a brother to the bull sold to Mr. Waldie) that we think will be hard to beat this year. This is proof of Maxwalton Monarch's ability as a sire, and herdsman Watson says that he is as sure a bull as we own, which is certainly a record for a bull that has done much traveling. He has won more championships than any other bull known to the breed. He is the right kind, is built right, and has the constitution to withstand hardships.

AMERICAN CERTIFICATES OF REGISTRY will be furnished with each lot sold.

GUARANTEE: Every animal sold as a single lot is guaranteed a breeder. Cows with calves at foot have of course proved themselves breeders and no further guarantee is necessary. Inasmuch as this is a dispersion sale there will be a time limit of three months put on the guarantee. This means that in case of any animal not fulfilling the guarantee notice must be given in writing within three months from date of sale, and animals shall be returned at purchaser's risk and expense. We have tested our entire herd annually since 1909 and animals are sold subject to a 60 day retest. We have sold cattle by the hundreds and it is a rare thing that an animal sold by us has given trouble on the retest. It is important to note that all dissatisfaction must be made known within three months from date of sale.

In conclusion we will say that we have found the Shorthorn business a pleasant and profitable one.

Very respectfully,

CARPENTER & ROSS

RODNEY is perhaps the best known sire of the present time. It will be remembered that he was purchased by Harry S. Black in our 1918 sale at a cost of \$20,000, and after we had the misfortune to lose both Maxwalton Renown and Maxwalton Revolution we found it necessary to lease Rodney from Mr. Black for a time and afterwards made a deal for part purchase of him. It will also be remembered that one of his first calves, Maxwalton Rodney, sold to John Borden for \$14,000. His first calf for Mr. Black was Ballylin Rodney—sold to Anoka Farms and John Alexander for \$3,600, and we understand that Mr. Alexander recently gave \$4,000 for Anoka Farms' half interest in him. RODNEY is also sire of Maxwalton Raglan, one of the bull's now in service at Anoka Farms; Maxwalton Eclipse, stock bull for Harry McGee, Ontario, Canada, and many other bulls of note.

We believe that some of the calves we have by him in this sale are as good or better than we have ever offered by him. He is just in his prime, is very active, and looks like he will be a stock bull for many years to come. It has been said of him by good judges that he could beat Maxwalton Monarch but we have never considered it good policy to fit him in good show condition. He won his class at International the only time ever shown. He is bred by that noted breeder, C. H. Jolliffe, that bred the dam of **Avondale** and the noted bull **Villager**. It goes without saying that he is the foremost sire at the present time and anyone with the right kind of cows can afford to pay almost any price for him.

Maxwalton Monarch has perhaps won more at the leading shows than any other bull living or dead. He was undefeated as a yearling, winning "first" at fourteen different shows, including the International where he was also junior champion. As a 2-yr. old he was again undefeated in class at sixteen shows and was champion at a number of the shows. As a 3-yr. old he made the circuit of eighteen shows, commencing at Calgary, Alberta, and winding up at Fort Worth, Texas; he was undefeated in class and was grand champion at 15 out of the 18 shows. As a 4-yr. old he showed at thirteen shows winning his class—senior and grand champion at all of them, including the International. He was also one of the "3 best bulls" and one of the "2 best bulls" at all of these shows. He is looking better to-day than ever and holds his smoothness and has taken on more bulk. Good judges who have seen him say there is no bull in the country that can dispute his right to again being grand champion of this year's shows, and looks very much like holding the title for some years to come. His dam, Sittyton Princess, did considerable winning in our herd and was junior champion at Toronto as a yearling. His sire, Maxwalton Revolution, stands next to Avondale as a sire of winners and it is conceded that his grandsire, Avondale, sired more winners at the leading shows than any other bull of the breed. Hence, Maxwalton Monarch was bred to be a winner and has been developed as such.

Maxwalton Mandarin—from the great show cow "Maxwalton Mina 8th". He was a phenominal calf but met with an accident which handicapped him from showing, consequently we have kept him for service in the herd but he was shown a little last year only in pasture condition and was looked upon very favorably and got well up in the money at some of the best shows. He is strongly bred in Avondale blood and is making such an excellent sire that we have refused several tempting offers for him.

Maxwalton Lochinvar is a beautiful red and has ideal head and horn; is near the ground. Has won at many of the shows as a calf and yearling and was retained by us for use in the herd as the very best son of Rodney. He is a splendid sire as some of his calves will show in this sale but has been used mostly on heifers which have been sold—accounting for his calves not being numerous in this catalog.

This is a splendid young bull—one that we had fully intended to develop as a leading sire in the herd. He was shown at all of the leading shows last year and was only defeated twice. He stood third at the International; his dam was the twice grand champion, Lady Dorothy. We know of no better prospect for a herd bull.

A full brother to Maxwalton Monarch, and we consider him the better calf of the two. He has developed beautifully but has been used a great deal in the herd and has never been developed for show purpose altho he was a winner as a calf, yearling and 2-yr. old. He is an excellent sire and a very valuable bull.

Is from the dam of the well-known breeding bull BROWNDALÉ. She was also the dam of "Maxwalton Mina 8th"—the undefeated grand champion of 1915 and many other famous animals. This cow must be conceded one of America's greatest breeding cows and we believe this calf is as good as she has ever produced; he stood first at a number of the State Fairs last year, including Ohio and Illinois.

Maxwalton Leopold is a beautiful dark roan and has excellent general conformation—is big and growthy. His dam is one of our very best cows altho she is getting well up in years; she is a beautiful dark red and has been for many years just about the best looking cow in the herd. This calf should make an excellent sire as well as a show bull of outstanding merit. He has been used considerable in the herd.

This is a thick, soggy calf. His dam is one of our best breeding cows and a splendid milker. Her dam, Brandsby's Lady Undine was a winner in the Dairy show at the Royal and was admitted to the advanced registry as a dual purpose cow. The "Undine" family is one of the best and oldest in Scotland. It will be remembered that the \$14,000 bull, Maxwalton Rodney, was of this family.

This is a very attractive calf. His mother is conceded one of America's greatest breeding cows. She was the dam of The Callant—well known show bull in Nebraska and Iowa; Whitehall Rosedale—many times grand champion at the Central State Fairs; Maxwalton Pride—the great show and breeding bull in the herd of W. C. Rosenberger; Pride Albion—the grand champion of 1915 and so successfully shown by Frank R. Edwards; Maxwalton Pride 2d—winner at the International in 1916 and sold to Maxwell-Miller Company, Colorado, for \$6,600; Maxwalton Rosedale—used very successfully by Thomson Bros. of Kansas, and Maxwalton Ruler in the herd of George Lincoln, Woodstock, Ohio, as well as several excellent females. She is now in her 20th year and is again well along in calf.

This calf has for his sire and dam two of best known show animals ever exhibited. "Lady Dorothy" won the Royal in England in 1916 and was grand champion at the International in 1916 and 1917. She has been a consistent winner and we doubt if ever there was a cow her equal as a show and breeding proposition. **Maxwalton Monarch** has been undefeated in class in four years' showing at all of the big shows and was the undefeated grand champion of 1922. This calf is a great prospect—is a beautiful color and looks like he will be a hard one to beat.

Maxwalton Rosewood 17th is one of our very best breeding cows. She was the last calf from Rosewood 86th and was produced in her 17th year, and had she not met with accident she might have been producing yet. She was also the dam of Rosewood Pride, now in her 20th year and again well along with calf. They are long livers and reliable producers. Note this cow's udder is defective.

Maxwalton Mina 20th has been a winner ever since a calf. She and her dam, Maxwalton Mina 8th, are two of the best known show cows of the breed. "Mina 8th" was the grand champion of 1915 and "Mina 20th" has been right around the top at all of the shows in four years' showing. She has a beautiful roan bull calf—June 4th by Maxwalton Lochinvar.

This heifer was developed with the intention of keeping her in the herd. She is well grown but is only in spare condition. It is well known that her dam has been one of the breed's greatest producing cows; she is now in her 20th year and is again well along in calf. Has had a calf every year since a 2-yr. old with the exception of one year, and with one exception these calves have sold for \$1,000 or better and we believe that this heifer will make as valuable a cow to own as anything she has ever produced.

This has been one of our very best producing cows. She was the dam of Maxwalton Fancy 4th, the undefeated heifer calf of 1918—winning the Futurity at Chicago; she was also dam of Maxwalton Fancy 6th. These two won the Produce of Cow for us as well as for L. L. Little, of Tennessee, and Buckland Hall Farm, of Virginia. Her calves have been unusually good and she is a splendid cow.

White bull calf at foot May 17th by Rosewood's Rodney 943095. Re-bred June 22nd to Maxwalton Roderick 1105021.

The bull Rosewood's Rodney, had for his granddam Rosewood Pride, great granddam, Rosewood 86th, our best breeding line of "Rosewoods." Maxwalton Roderick, also sired by Rodney and from Rosewood 93d—what we consider the best "Rosewood" we ever imported. He is a low, thick-set bull that sold for a good price in our sale last year.

MAXWALTON REVOLUTION 388359

We believe this bull might have been equally as good a sire as Avondale had he not died young. His Get won the International for four successive years.

AVONDALE 245144

The greatest sire of show animals known to the breed. His Get won the International seven different times.
